

Collab Club

Hi, I'm Tanya

I started my first business in 1998. Since then I have owned retail, franchise and service based businesses. Still running three of them today.

I found myself in a successful business but with no more passion for it. I spent more time working in than on, and it was starting to wear me out! I was at the point where I was wondering if I should just close it all down, but there was something that was stopping me from actually going that route.

I searched high and low for the answers, profit and passion that I desperately needed and wanted.

It was a rough road, but I made sure to draw plenty of maps along the way so I'd never get that lost again and so that I could share the way with others.

Now with over 24 years of experience, I have developed my signature Collab Club, a five step framework that takes you from wanting to break up with your business, to falling deeply in love again and making more profit.

MIND BLOWN! Everything Tanya said was like a light bulb going off! It is so worth it, I was struggling feeling like I wasn't having any direction and motivation with my business, and she got me to come back to life. There was so many "Ah Ha" Moments that just made sense, and ways I can help my every day life too! Highly, highly recommend! Thank you so much for helping me Tanya!

Eliza, Inspired By...

Tanya never seems to run out of new ideas. She has helped me in so many ways in my business, more than I thought I had even signed up for. She always goes above and beyond. I sign up year after year because I'm just not sure how to do it without her!

Anne Graymake LLC

I added \$10,000 in the first collaboration! I couldn't have made this happen without Tanya to walk me through the process. I am forever grateful for Tanya's assistance and she will always be my go-to. Thank you Tanya for everything!

Frequently Asked Questions

☑ What if I cannot make one of the meetings?

All group trainings and meetings are recorded with the exception of the co-working call. The recording links are then sent via email to everyone so you can watch the replay or re-watch to take more notes.

☑ What if I want or need more one on one help?

Additional one on one sessions and strategy days are available to book at an additional cost to the program. We offer one time and package pricing. This upgrade option is open at all times

☑ Do you give a guarantee on the program?

The short answer is no. This program relies heavily on the amount of showing up and work you put into each part throughout our year together. What I do guarantee is that I am going to push and keep you accountable in all that we do together because your success is mine as well. So it matters greatly to me to do everything I can for you.

☑ Is there any support after our year together?

Many of our groups love to stay together as they become quite close. We encourage this! We also offer a monthly membership which gives you one zoom call with with me and your group to keep growing and scaling! This group is only available to those that have completed at least 1 full Collab Club at this time.
